Hi Bob:

I went back to your CAG website to discern exactly why your group was applying for a 501©(3) designation. If and when your group applies for the Technical Assistance Grant (TAG) to support the activities at the West Lake Landfill Superfund Site, you **do not** have to be a 501©(3), you just have to be incorporated. Please see the distinction below:

<http://start-nonprofit.com/what-is-the-difference-between-incorporation-and-501c3-status/>

You may want to look into the state of Missouri requirements in becoming incorporated. There may be a fee of as much as \$25.00, but definitely not the \$850.00 fee placed on 501©(3)s.

You may want to discuss the issue with your CAG board before advancing the 501©(3) option – whatever you decide, it's your call ☺

We really enjoyed being at the CAG meeting last week. It was run professionally and had some great questions & issues presented. I conveyed your compliments to Jeff and Dan!

Thanks Bob!

Debbie

Debbie,

I was called late yesterday by Paul Rosasco of EMSI. He said he reported on the Mon. night meeting to the PRP's he represents and told them of our need for funds to complete our 501(C3), and he asked if they would help. He had just received confirmation from all of them that they would be willing to give us whatever else is needed to get to the \$850.00. I told him that the offer is very much appreciated, but I would check with you to see if that would be considered a Conflict-of-Interest. If this is not considered Conflict-of-Interest I will pole the CAG Board and proceed accordingly. If we can accept this offer and we agree to I am to contact Paul and he will get us the funds.

I appreciate your attendance at our Monday night meeting as well as what you said and and your

answering questions. Please thank Jeff and Dan again for speaking and answering questions in very professional ways. I have had several people tell me it was the best and most factually informative meeting they have attended on the Westlake/Bridgeton Landfills issues.

I look forward to hearing from you.
